

If every story could be like this one  
I'd enjoy being a reader  
I can't remember the last time I had that smile  
But when you said yes  
You brought back more than a smile  
You brought happiness  
And installed joy in my day  
I used to dream about you alone  
Now I hope those dreams come true  
Will everyday start with you in it  
And end with you alone  
Can you make me the happiest person right now  
I never want to lose you  
Don't worry I'll never leave you alone  
For you have been my only true love  
All I will ever need to make me smile  
Just remember this whenever you are alone  
I will be there for you  
For I love you
